THE CIANT OF MEDICINES.

The Most Effective and Popular Remedy Ever Discovered.

WHY IS IT SO EFFECTIVE IN SO MANY DIFFERENT DISEASES?

WHY one remedy can affect so many cases is this: The diseases have a common cause, and a remedy that can affect the cause, permanently cures all the diseases. Unlike any other organ in the body, the Kidney when diseased, may itself be free from pain, and the very fact that it is not painful leads many people to deny that it is diseased. But Medical Authorities agree that it can be far gone with disease and yet give forth no pain, because it has few if any nerves of sensation, and these are the only means of conveying the sense of pain; thus unconsciously diseased it affects the entire system. We do not open a watch to see if it is going or is in good order: We look at the hands, or note the accuracy of its time. So we need not open the kidney to see if it is diseased. We study the condition of the system. Now then, KIDNEY DISEASE produces

Any of the following Common and Unsuspected SYMPTOMS: Back ache: Unusual desire to urinate at night; Flutter-Greasy Froth in water; Irritated, hot and dry skin; Fickle Appetite; Scalding sensations; Acid, bitter taste, with furred tongue in the Morning; Headache and Neuralgia; Abundance of pale, or scanty flow of dark-colored water; Sour Stomach; Heartburn with Dyspepsia; Intense pain, upon sudden excitement, in the Small of the Back; Deposit of mucous some time after urination; ish a statement to the Board of all the Loss of Memory; Rheumatism, chills and fever and Pneumonia; Dropsical Swellings; Red or white brick dost, albumen and tube casts in the water; Conipation, alternating with Looseness; Short breath, Pleurisy and Bronchial afetions: Yellowish pale skin, etc.

These are only the chief disorders or symptoms caused by a diseased con dition of the kidneys. Now then, isn't it clear to you that the kidneys, being the cause of all these derangements, if they are restored to health by the great specific

"Warner'S SAFE Cure," the majority of the above ailments will disappear? There is NO MYSTERY ABOUTIT. It does cure many bad states
5 00 of the system precisely as we have indicated. Now when the kidneys are diseased, 5 00 the albumen, the life property of the blood, escapes through their walls and pas is nothing but work from morning until em so. Would go off and have a little night, the same, dull routine day after day. No home life, no enjoyment of day. No home life, no enjoyment of day. No home life, no enjoyment of the control of the control of the lood, that, circulating throughout the entire body. affects

. 90 00 every organ, and produces all the above symptoms. Therefore, we say confidently that "Warner's SAFE Cure," is THE MOST EFFECTIVE MEDICINE EVER DISCOVERED for the human race. It is the common remedy which, overcoming the common cause, removes the greatest possible number of evil effects from the system. Let us note a rue of these diseases and how they are affected by kidney poison, and cured by

WARNER'S SAFE CURE.

CONSUMPTION: In a great many cases Consumption is only the effection of the system and not an original ase; if the kidneys are inactive and there is any natural weakness in the long the kidney poison attacks their substance and eventually they waste turny and are destroyed. Due your finger in acid and it is burned. Wash the inger every day in acid and it soon becomes a festering sore and is eventually detroyed. The kidney poison acid in the blood has the same destructive effect apon the lungs: For this reason a person whose kidneys are ailing will have rave attacks of *Pneumonia* in the Spring of the year, Lung fevers, Coughs, old, Bronchitis, Fleurisy, etc., at all seasons of the year. Rectify the action of the kidneys by "Warner's SAFE Cure," as many hundreds of thousands have done, and you will be surprised at the improvement in the condition of the langs.

IMPAIRED EYE-SIGHT: Kidney acid with some persons has an especial apprinty for the optic nerve, and though we have never urged it as a cure for disordered eye-sight, many persons have written ner's SAFE Cure," their eye-sight has been castly improved. In t, one of the best occulists in the country says that half the patients that ome to him with bad eyes, upon examination he discovers are victims of kidney disorder. We have no doubt that the reason why so many people complain of failing eye-sight early in life, is that, all unconscious to themselves, their kidneys have been out of order for years, and the kidney poison is gradually

OPIUM HABITS: It is a well-known fact recently shown anew, that opium, habits capture their victims by their paralyzing effects upon the kidneys and liver. these organs the appetite is developed and sustained, and the best authorities state that the habits cannot be gotten rid of until the kidneys and liver are restored to perfect health. For this purpose, leading medical authorities, after a thorough examination of all claimants for the honor of being the only specific for those organs, have awarded the prize to "Warner's SAFE Cure."

DUCHMATICAM. Every reputable physician will tell you that rheumatism is

KHEUMAIISM: caused by an acid condition of the system. With some it is uric acid, or kidney poison; in others, it is lithic acid, or liver poison. This acid condition is caused by inactivity of the kidneys and liver, false action of the stomach and food assimilating organs. It affects old people more American Grocery House, pur.

624 00

J. McC. Ellictt, rent of corral.... 30 00

The charman reported his approval of John O. Dougherty's bond as Notary Public, with John Gardiner and Andrew Cronly as sureries.

On motion the County Recorder is authorized to have the books in the Recorder's office re-covered, and such necessary to the full of the system becomes entirely acidified. These acids produce all the various forms of rheumatism. "Warner's SAFE Cure" acting upon the funday and liver, neutralizing the acid and correcting their false action, curse many cases of rheumatism. "Warner's SAFE Rheumatic Cure," alternating with the use of "Warner's SAFE Rheumatic Cure," alternating with the use of "Warner's SaFE Cure" completes the work.

BLADDER DISORDERS: Gross and other high medical authorities say with fullsc action of the bladder diseases originate with fullsc action of the bladder diseases originate.

with filles action of the kidneys, and armary tract. Uric acid constantly coursing through these organs inflames and eventually destroys the inner membrane, producing the intense suffering. Sometimes this kidney acid solidifies in the kidney in the form of Gravel, which in its descent to the bladder produces kidney cotic. Sometimes the acid solidities in the Bladder, producing calculous or Stone. "Warner's SAFE Cure" has restored thousands of cases of inflammation and catarrh of the bladder and has effectively corrected the tendency to the formation of gravel and stone. It challenges comparison

WARNER'S SAFE CURE."

If there is loss of nervous action in any organ the blood vessels do not allow the blood to circulate and it stagrates. If this condition exists very long the collecting blood clots and eventually destroys the organ. Many persons are unconscious victims of this very common condition. The heart, etermined as it is to force blood into every part of the system, has to work harder o get it through the clogged organ, and eventually the Heart breaks down ad palpitation, excessive action, rush of blood to the head, distressing headaches, indicate that the Congestion has become chronic and is doing damage to the entire system. Congestion of the kidneys is one of the commonest of complaints and is the beginning of much chronic misery. "Warner's SAFE

Cure " will remove it. FEMALE COMPLAINTS: What we have said about Congestion applies with particular force to the above complaints. corrected, grows into disease and produces these countless sufferings which can be from citizens of Lowell Reservation for fice of gardener, read and ordered on alluded to but not described in a public print. Thousands have been permanently cured.

BLOOD DISORDERS: It is not strange that so many, many people write us that since they have given themselves thorough treatment with "Warner's SAFE Cure" their thick and turgid blood, their heavy, blotched, irritable skin have disappeared under its potent influence. The kidney poison in the blood thickens it. It is not readily purified in the lungs, and the result is the impurities come out of the surface of the body, and if there is any local disease all the badness in the blood seems to collect there. Our experience justifies us in the statement that "Warner's SAFE Cure" is "the greatest blood purifier known.". The treatment must be very thorough STOMACH DISORDERS: Many people complain more or less throughout the year with stomach disorders; Dyspepsia,

Indigestion, Waterbrash, heat and distress in the stomach, sharp pains, frequent aches, want of appetite, lack of energy. Now, these are exactly the conditions that will be produced in the stomach when the blood is filled with kidney poison: People dose themselves with all sorts of stomach reliefs, but get no better. They never will get better until they give their attention to a thorough reviving of kidney and liver action by means of the only specific—"Warner's SAFE Cure"

CONSTIPATION, PILES: These distressing ailments, more common among one class than the other, are not original orders, but are secondary to imperfect action of the kidneys and liver. The natural cathartic is bile, which is taken from the blood by the liver.

iver fails the bile is not forthcoming and the person gets into a constipated habit. This, eventually followed by piles, is almost always an indication of congested Heer, and a breaking down of the system. Remove the congestion, revive the liver and restore the kidneys by the use of "Warner's SAFE Cure," and HEADACHES: Many people suffer untold agonies all their lives with headache.
They try every remedy in vain, for they have not struck the be done, will irritate and inflame the brain and produce intense suffering.

Those obstinate headaches which do not yield readily to local treatment, may be regarded quite certainly as of of kidney origin.

THESE ARE SCIENTIFIC FACTS, and, from the way we have set them forth, it will plainly be seen, that the statement we make, that "Warner's SAFE Cure" is the "most effective remedy ever discovered for the greatest number of human diseases," is justified. It is not a remedy without a reputation. Its sales for the past year have been ment of pistol shooting was indiscrimi- greater than ever, and the advertising thereof less than ever, showing incontestibly that the merit of the medicine has given it a permanent place and value. tilated with bullets. Mr. Hale, a Mor-mon, who is said to have been among experience that it is the ordinary kidney disease that produces no pain the celebraters. Was shot through the that is to-day the greatest enemy of the human race: great and all powerful body, from which death ensued. It is because in nine cases out of ten, its presence is not suspected by either the physi-not known who fired the fatal shot, and cian or the victim. The prudent man who finds himself year after year troubled

the entire matter seems involved in uncertainty. At all events, Mr. Hale is but another victim of the deplorable practics of reckless pistel shooting in towns and villages. It is impossible to learn at present whether the killing was attributable to a deranged condition of the kidneys, and that they will disappear

A Safeguard.

The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That emiment physician, of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:— "Medical science has produced no other anodyne expectorant so good as AYER'S CHERRY PECTORAL. It is invaluable for discuses of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, Ill., who says:-"I have never found, in thirty-five years of "I have sever found, in thirty-nee years of continuous study and practice of medicine, any preparation of so great value as ATER'S CHERRY PECTORAL, for treatment of diseases of the threat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than snything else in relieving even the most serious bronchial and pulmonary affections."

AYER'S Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been in-troduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease suscep-tible of cure, who has not been made

AYER'S CHERRY PECTORAL has, ha numberless instances, cured obstinate cases of chronic Brouchitts, Laryngitts, and even zente Pneumonia, and has saved many patients in the earlier stages of Pulmonary Consumption. It is a medicine that only requires to be taken it small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of Croup and Whooping Cough. These are all plain facts, which can be verified by anybody, and should be remembered by everybody.
